## About Ross Jacobs

Australian clinician and author Ross Jacobs travels within Australia and internationally, teaching people horse behavior and how to implement the principles of good horsemanship to the benefit of the horse, the rider, the relationship and the performance. His belief is that no matter the discipline or experience level, every horse and rider profits from good horsemanship. Learn more about his work at <https://www.goodhorsemanship.com.au/>

---

## About the Clinic Format

The three day clinic will have a maximum of 8 participants and unlimited auditors. Participants will each get individual attention/instruction with an opportunity to ask questions and engage during other participant's individual sessions. A lunch and light morning/afternoon refreshments are included for all participants and auditors.
